Hi I am Sarah

I am an illustrator, 2D animator and comic artist. I am always creating, I work both analogue and digital but always in my own distinctive style. My ideas start within my sketchbook, it is full of drawings and small stories. I am hardworking and always up for a challenge. My work is a cocktail of wanderlust, surprise and joy, that tastes delicious every time. I love to work for creative companies with room for strange and great ideas!

Please have a look at my previous work!

OERSOEP

Miami Weiß label

Together with the Dutch brewery 'Oersoep' I created the label for the limited edition of the 'Miami Weiß'. With lots of creative freedom I designed the fruity illustration that is wrapped around this delicious bottle of beer.
